

MAGNETIC MAP OF THE FOREST CITY BASIN AND ADJACENT REGIONS OF IOWA, KANSAS, MISSOURI, AND NEBRASKA

Compiled by R. R. Burchett, Nebraska Geological Survey; F. W. Wilson, Kansas Geological Survey;
R. R. Anderson, Iowa Geological Survey; and I. R. Satterfield, Missouri Geological Survey

1983

 Contour interval: 100 gammas. Hachured to indicate closed areas of lower magnetic intensity.
 Magnetic contours show total magnetic field intensity of the earth in gammas relative to an arbitrary datum. The International Geomagnetic Reference Field (1975) has been subtracted.
